1 - Referenced Documents

Table 1 below is a list of all specifications that are components to this one. Each of its entries were designed as an interchangeable part, to be used in context for this specification, or others like it:

Specification Number	Nomenclature
GSRM-PL-1	General Requirements, Polish Maps

Table 1: Bill of Materials

If any part of any documents listed in Table 1 conflict with this specification, then this specification shall assume priority.

2 - Definitions

This section is intentionally left blank.

3 - Background

This Age of Empires II random map showcases Grunwald on the eve of what may have been the bloodiest European battle in the Middle Ages.

4 - Overview

This component specification defines requirements of a Lombardia style map, for use in a Polish Map Collection.

5 - General Requirements

The requirements of GSRM-PL-1 apply unless superseded by this specification.

6 - Rule Changes

This section is intentionally left blank.

7 - Land Configuration

Grunwald shall be arranged per Figure 7 below:

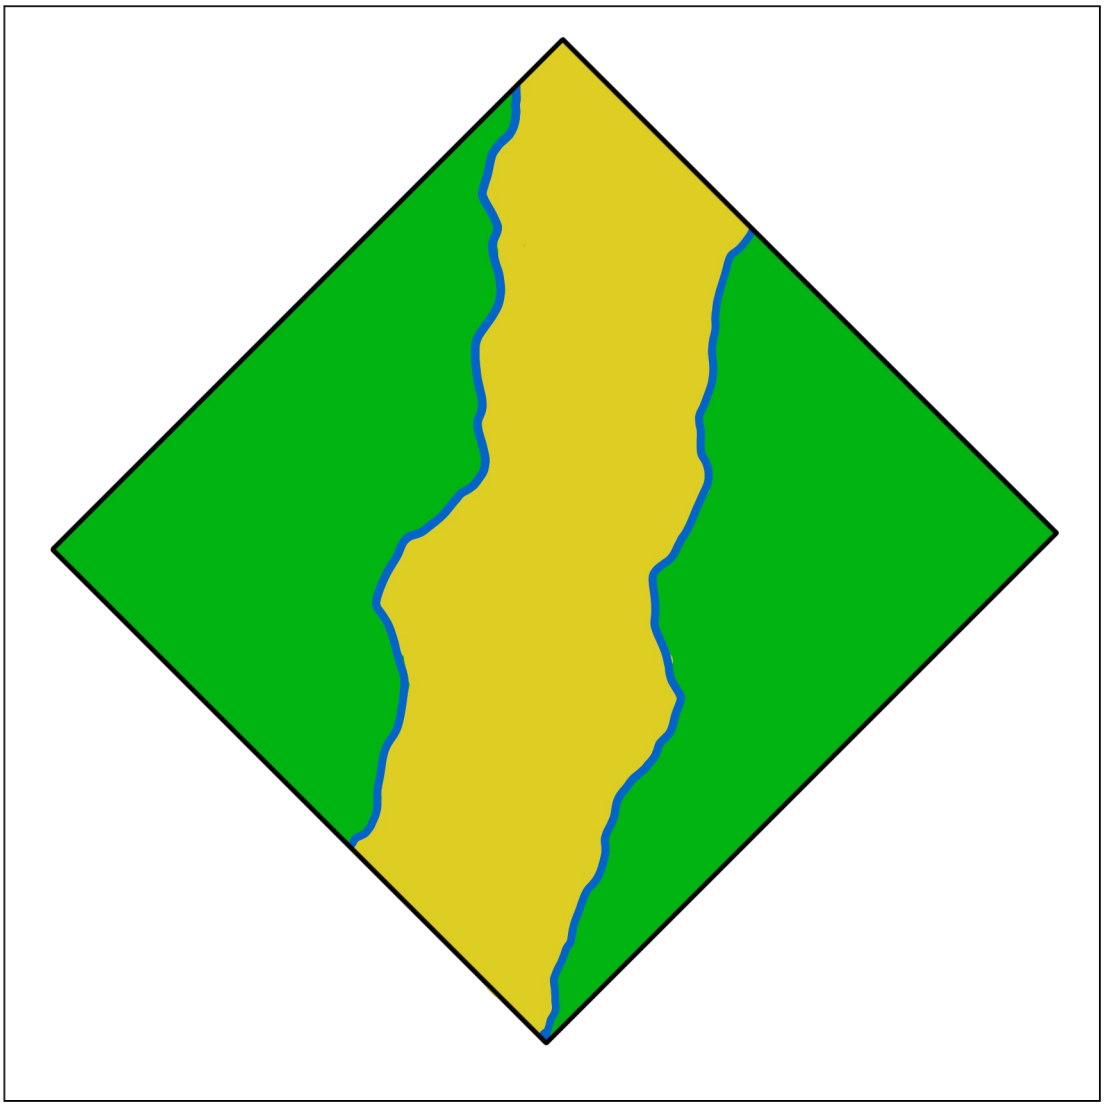

Figure 7: Grunwald Configuration

7.A - Zoning

In this way, three zones are established, described as follows:

7.A.1 - River

The blue area.

7.A.2 - Valley

The tan area.

7.A.3 - Ridge

The green area.

7.B - Origin of Player Lands

The *Origin of Player Lands* shall be located on the Ridge (§7.A.3).

7.C - Randomizations

7.C.1 - River

7.C.1.a - Angle

Rotational configuration of the River (§7.A.1) shown Figure 7 shall be arbitrary, with no fewer than 12 equally spaced angles across a full rotation.

7.C.1.b - Thickness

River (§7.A.1) thickness shall be randomly selected as 4, 5, or 6 tiles.

7.C.2 - Valley

Valley width (distance between bounding Rivers) shall vary from 8% to 16% of the map edge length, but no section may be less than or equal to half the maximum width.

8 - Elevation

8.A - River

The River shall be Elevation 0.

8.B - Valley

The Valley shall be Elevation 1, with scattered mounds up to Elevation 2.

8.C - Ridge

The Ridge shall be Elevation 3, with scattered hills up to Elevation 7.

9 - Terrain

9.A - River

The River shall consist of seasonal water per GSRM-PL-1, with walkable and navigable shallow crossings during summer and fall.

9.B - Valley

The Valley shall consist of open land terrain in the style of rolling farmlands, with small scattered forests, punctuated by trampled/constructed surfaces for towns, pastures, and/or encampments, all connected by roads.

9.C - Ridge

The Ridge shall consist of open land terrain, with large forests. Roads shall connect the *Origin of Player Lands* appropriately with the Valley described in §9.B, and with the edge of the map.

10 - Objects

10.A - Starting Units

Each player shall start the game controlling objects defined by Table 10.A:

Object	**Per Applicable Specification**	**Distance from *Origin of Player Lands* [tiles]**	**Quantity**
Town Center	~	0	1
Herdable	GSRM-PL-1	2 to 3	4
Villager	~	6	3
Harmful Scout	GSRM-PL-1	4 to 9	1

Table 10.A: Starting Player-Controlled Objects

10.B - Resources

This section is intentionally left blank.

10.C - Encampments

The vanguard of enemy factions gather at the edges of the map, preparing for military maneuvers.

10.C.1 - Gaia

Encampments shall consist of unconvertible Gaia units that are not controlled by any player.

10.C.2 - Placement

Encampments shall be approximately diametrically opposed, restricted to the Valley described in §7.A.1, and located within 20 tiles of their respective opposing map edges.

10.C.3 - Identification

Alignment of each camp achieved through regional buildings, units, heroes, and eye-candy, etc. associated with each faction.

10.C.3.a - Teutonic Order

One camp shall bear the hallmarks of the Teutonic Order and its mercenaries, containing “Friedrich von Wallenrode” [FvW], “Kuno von Lichtenstein” [KvL], and “Ulrich von Jungingen” [UvJ] in the non-interactive style of GSRM-PL-1.

10.C.3.b - Alliance

One camp shall bear the hallmarks of the Polish, Lithuanian, Bohemian, and Tatar Alliance, containing “Vytautas of Lithuania” [VoL], “Zawisza the Black” [ZtB], “Zbigniew of Olesnica” [ZoO], “Wladyslaw II Jagiello” [WsJ], “Jan Zizka of Trocnov” [JZT], and “Jalal al-Din” [JaD], in the non-interactive style of GSRM-PL-1.

10.D - Villages

The Valley described in §7.A.1 shall contain a number of small medieval villages, in the "Feudal" building style of GSRM-PL-1. Occasional "Castle" style buildings are permitted as outliers, such as churches, markets, blacksmiths, etc.

10.E - Farms & Camps

The Valley described in §7.A.1 shall contain a number of medieval farms and resource camps, with architecture and population/demographics matching the Villages defined in §10.D. Eye candy shall be tastefully applied to illustrate how Polish serfs lived off of the land.
