1 - Referenced Documents

Table 1 below is a list of all specifications that are components to this one. Each of its entries were designed as an interchangeable part, to be used in context for this specification, or others like it:

Specification Number	Nomenclature
<u>GSRM-FIW-1</u>	General Requirements, FIW Maps

Table 1: Bill of Materials

If any part of any documents listed in Table 1 conflict with this specification, then this specification shall assume priority.

2 - Definitions

The following definitions apply:

- *Origin of Player Lands* – Location of Town Center.

3 - Background

This Age of Empires II random map showcases the Shawangunk Wilderness, as it may have appeared during the French and Indian War. Outnumbered 20 to 1, the French cleverly unleashed native allies to terrorize civilians across the frontier, generating public outcry in British colonies and diverting disproportionate quantities of redcoats to defense. While not the site of a major battle, Shawangunk was one of many locations gripped by the psychological warfare of native raids.

The name “Shawangunk” translates from the Lenape language to “in the smoky air”, referring to a local fort razed by fire.

4 - Overview

This component specification defines requirements for a general-purpose open land map, inspired by the Shawangunk area in New York’s Catskill Mountains.

5 - General Requirements

The requirements of GSRM-FIW-1 apply unless superseded by this specification.

6 - Rule Changes

This section is intentionally left blank.

7 - Land Configuration

Shawangunk shall be arranged per Figure 7 below:

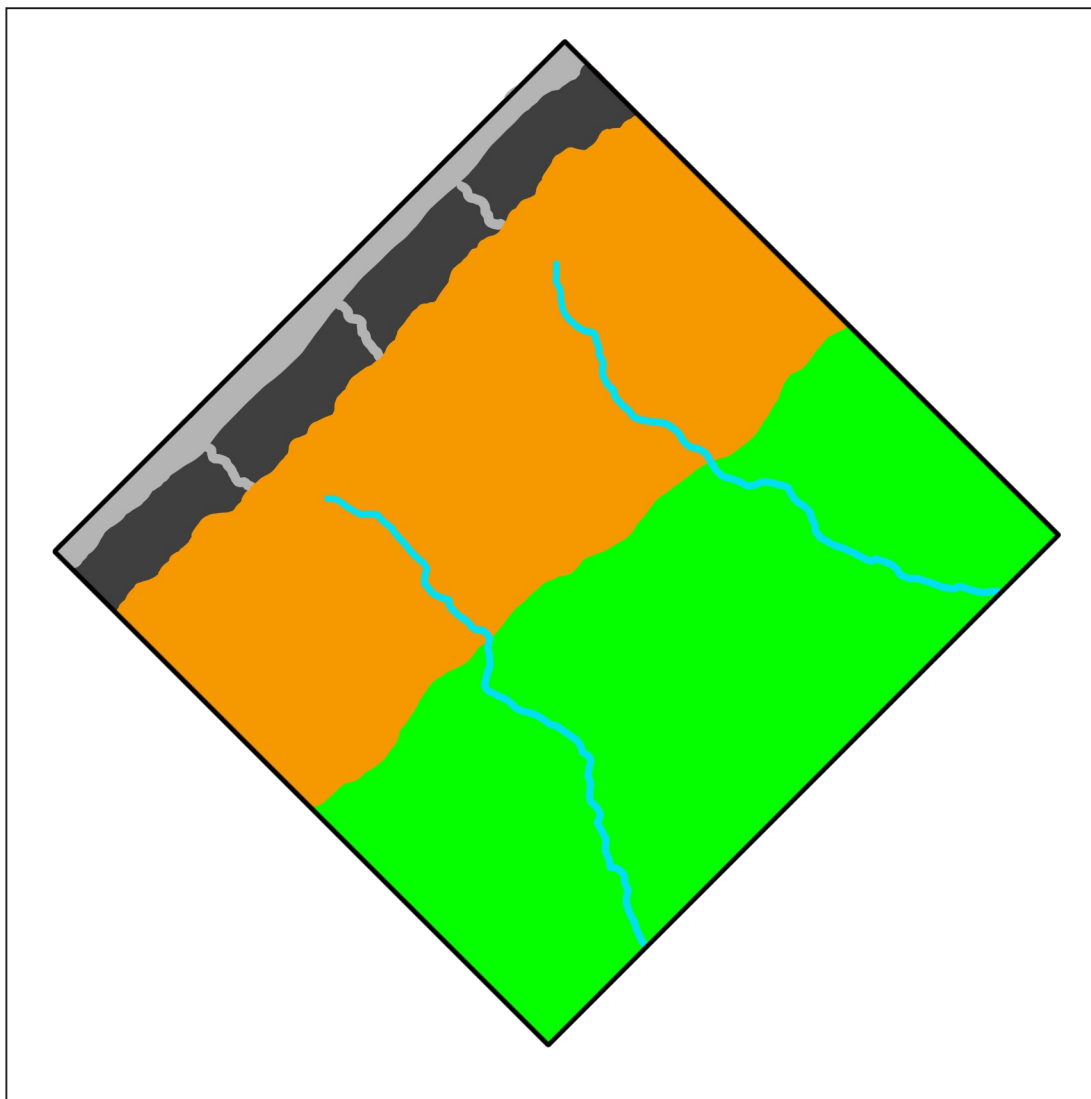

Figure 7: Shawangunk Configuration

7.A - Zoning

In this way, five zones are established, described as follows:

7.A.1 - Plains

The green area.

7.A.2 - Foothills

The orange area.

7.A.3 - Ridge

The dark gray area.

7.A.4 - Cavern

The light gray area.

7.A.5 - Kill

The blue area.

7.B - Origin of Player Lands

The *Origin of Player Lands* for each team shall be located along one of the purple arcs.

7.C - Randomizations

7.C.1 - Cavern Passages

The Cavern may have any number of connections to the Foothills.

8 - Elevation

8.A - Plains

The Plains shall be Elevation 1, with scattered hills.

8.B - Foothills

The Foothills shall be Elevation 2, with scattered hills.

8.C - Ridge

The Ridge shall be Elevation 4, with scattered hills.

8.D - Cavern

The Cavern shall be Elevation 3 or 4 where engulfed by the Ridge, and Elevation 3 elsewhere.

8.E - Kill

The Kill shall be Elevation 0.

9 - Terrain

9.A - Plains

The Plains shall be open land terrain, with sparse forests.

9.B - Foothills

The Foothills shall consist of open land terrain, with scattered forests.

9.C - Ridge

Ridge terrain is immaterial.

9.D - Cavern

The Cavern shall consist unbuildable, walkable terrain, with icy and rocky appearance across all seasons.

9.E - Kill

The Kill shall consist of shallow water terrain, masked appropriately for the season.

10 - Objects

10.A - Starting Units

Each player shall start the game controlling objects defined by Table 10.A:

Object	Per Applicable Specification	Distance from <i>Origin of Player Lands</i> [tiles]	Quantity
Town Center	~	0	1
Herdable	<u>GSRM-FIW-1</u>	2 to 3	4
Villager	~	6	3
Harmful Scout	<u>GSRM-FIW-1</u>	7 to 8	1

Table 10.A: Starting Player-Controlled Objects

10.B - Resources

10.B.1 - Relics

All relics shall be located in the Cavern per §7.A.4, arrayed along the top (Northwest) edge of the map.

10.C - Impassible Ridge

Mountain, rock, and un-choppable tree objects shall populate the Ridge (§7.A.3) in sufficient density for it to be impassible, and for its underlying terrain to be invisible.

10.D - Charred Ruins

Variation upon the objects described in GSRM-FIW-1 shall be scattered across the map, to create the smoldering ruins of colonial forts or hamlets, complete with burned buildings, smoke, etc.

10.E - Ice Caverns

The terrains described in §9.D shall be clad in objects to resemble the region's famous ice caves.
