1 - Referenced Documents

Table 1 below is a list of all specifications that are components to this one. Each of its entries were designed as an interchangeable part, to be used in context for this specification, or others like it:

Specification Number	Nomenclature
<u>GSRM-FIW-1</u>	General Requirements, FIW Maps

Table 1: Bill of Materials

If any part of any documents listed in Table 1 conflict with this specification, then this specification shall assume priority.

2 - Definitions

The following definitions apply:

- *Origin of Player Lands* – Location of starting units.

3 - Background

This Age of Empires II random map approximates the Adirondack Mountains West of Lake George during the French and Indian War. This area is known for two winter snowshoe skirmishes (1757 & 1758): British Rangers under the command of Robert Rogers clashed against French and Indian War parties while scouting/raiding Fort Ticonderoga.

The name “Scaroon” is of unknown origin, but twice mentioned by James Fenimore Cooper in his 1826 action novel “The Last of the Mohicans”, as the site of the final epic battle.

4 - Overview

This component specification defines requirements for a Black-Forest style map, inspired by the Mountains Northwest of Lake George in the Adirondacks.

5 - General Requirements

The requirements of CSRM-FIW-1 apply unless superseded by this specification.

6 - Rule Changes

This section is intentionally left blank.

7 - Land Configuration

Scaroon shall be arranged per Figure 7 below:

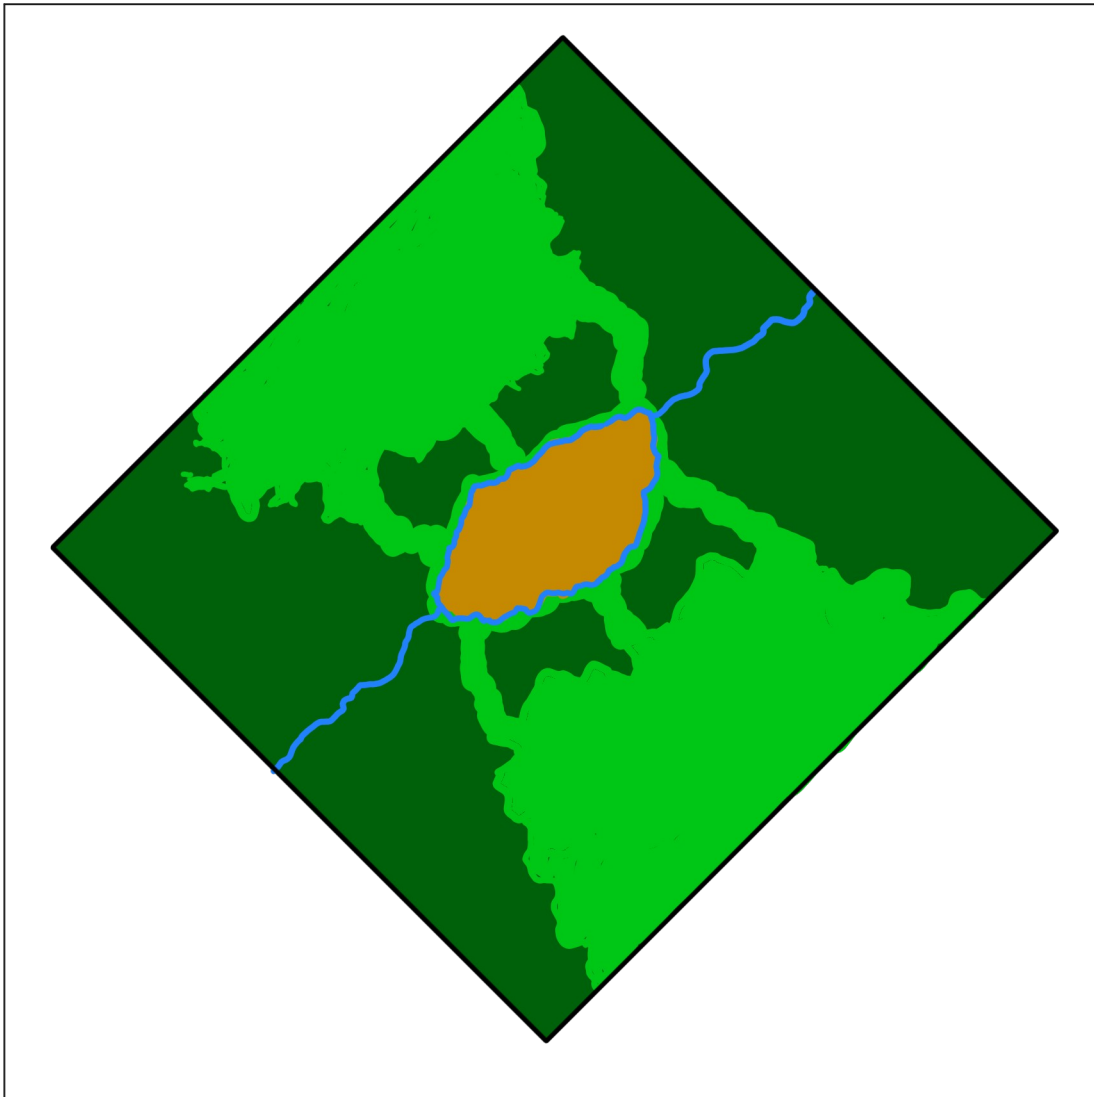

Figure 7: Scaroon Configuration

7.A - Zoning

In this way, four zones are established, described as follows:

7.A.1 - Creek

The blue area.

7.A.2 - Island

The tan area.

7.A.3 - Backdrop

The dark green area.

7.A.4 - Clearing

The light green area.

7.B - Origin of Player Lands

The *Origin of Player Lands* shall be located in the Clearing (§7.A.4).

7.C - Randomizations

This section is intentionally left blank.

8 - Elevation

8.A - Creek

The Creek shall be Elevation 0.

8.B - Island

The Island shall be Elevation 0 where bordering the Creek and higher Elevation elsewhere.

8.C - Backdrop

Backdrop elevation is immaterial.

8.D - Clearing

The Clearing shall be Elevation 0 adjacent to the Creek, and at least Elevation 1 otherwise.

9 - Terrain

10 - Creek

The Creek shall consist of shallows, masked with ice or other aquatic terrains, appropriate to the season.

10.A - Island

This section is intentionally left blank.

10.B - Backdrop

The Backdrop shall consist of forest terrain.

10.C - Clearing

The Clearing shall consist of open land terrain, with dense scattered forests in all locations except a large opening centered at the *Origin of Player Lands*.

11 - Objects

11.A - Starting Units

Each player shall start the game controlling objects defined by Table 11.A:

Object	Per Applicable Specification	Distance from <i>Origin of Player Lands</i> [tiles]	Quantity
Town Center	~	0	1
Herdable	<u>GSRM-FIW-1</u>	2 to 3	4
Villager	~	6	3
Harmful Scout	<u>GSRM-FIW-1</u>	7 to 8	1

Table 11.A: Starting Player-Controlled Objects

11.B - Resources

This section is intentionally left blank.
