1 - Referenced Documents

Table 1 below is a list of all specifications that are components to this one. Each of its entries were designed as an interchangeable part, to be used in context for this specification, or others like it:

Specification Number	Nomenclature
<u>GSRM-FIW-1</u>	General Requirements, FIW Maps

Table 1: Bill of Materials

If any part of any documents listed in Table 1 conflict with this specification, then this specification shall assume priority.

2 - Definitions

The following definitions apply:

- *Origin of Player Lands* – Location of Town Center.

3 - Background

This Age of Empires II random map showcases the twin forts that protected Oswego during the French and Indian War. Early in the War, the French and their native allies destroyed the fort and took over 1,000 prisoners, significantly delaying British plans to threaten Montreal from the West.

The name “Oswego” translates from the Iroquois language to “pouring out place”, referring to where the Oswego river discharges into Lake Ontario.

4 - Overview

This component specification defines requirements for a highland-styled map, inspired by the Fort Oswego area.

5 - General Requirements

The requirements of GSRM-FIW-1 apply unless superseded by this specification.

6 - Rule Changes

This section is intentionally left blank.

7 - Land Configuration

Oswego shall be arranged per Figure 7 below:

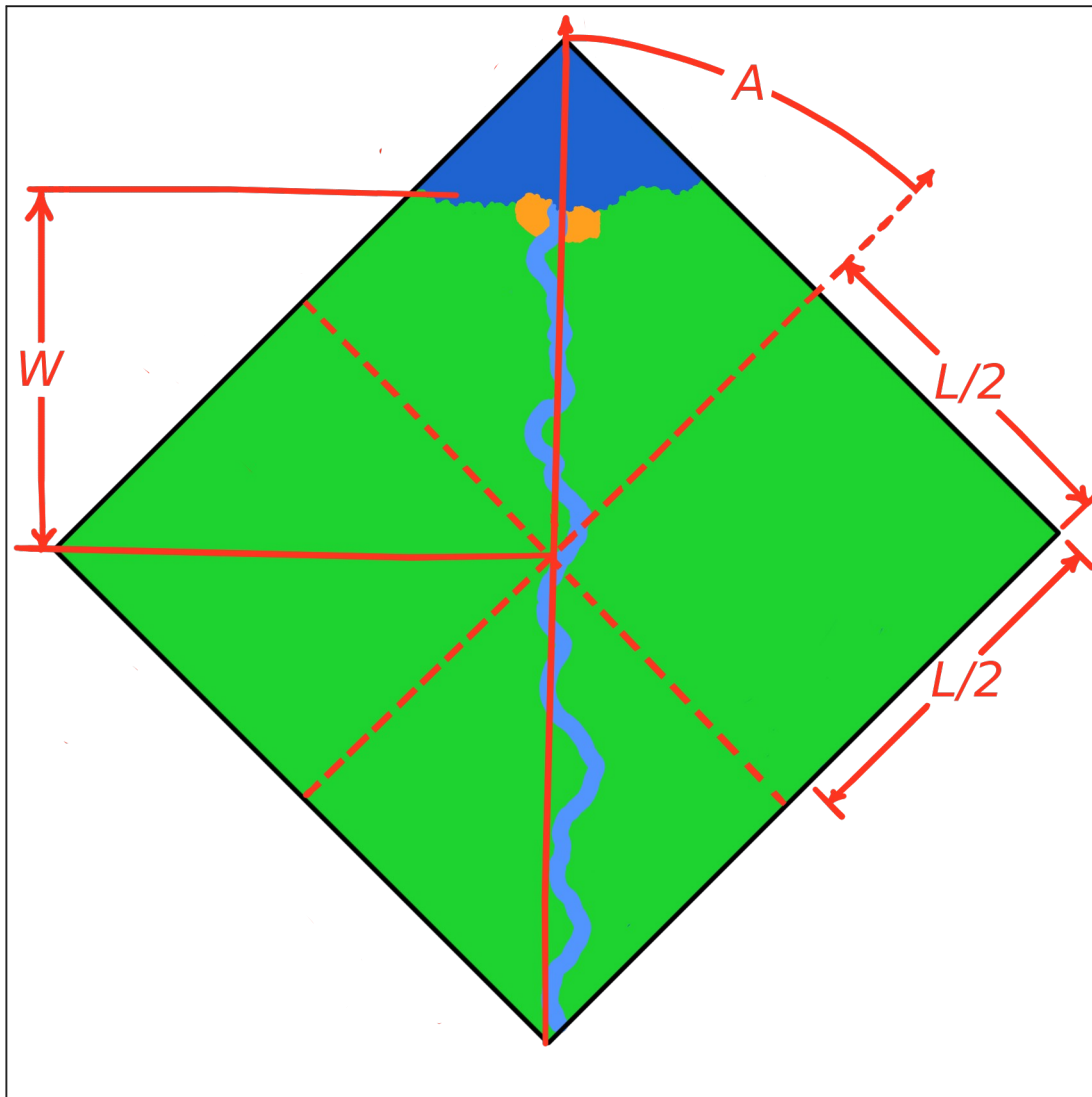

Figure 7: Oswego Configuration

7.A - Zoning

In this way, four zones are established, described as follows:

7.A.1 - Lake

The dark blue area.

7.A.2 - River

The light blue area.

7.A.3 - Overlook

The tan area.

7.A.4 - Wilderness

The green area.

7.B - Origin of Player Lands

The *Origin of Player Lands* shall be located in the Wilderness (§7.A.4).

7.C - Randomizations

7.C.1 - Rotation

Angle “A” shall be 0 and 90 degrees.

7.C.2 - Lake Relevance

Linear dimension “W” shall be selected randomly from at least 10 different distances.

8 - Elevation

8.A - Lake

The Lake shall be Elevation 0.

8.B - River

The River shall be Elevation 0.

8.C - Overlook

The Overlook shall be Elevation 3.

8.D - Wilderness

The Wilderness shall be Elevation 2, with scattered hills.

9 - Terrain

9.A - Lake

The Lake shall consist of seasonal water per GSRM-FIW-1.

9.B - River

The River shall consist of seasonal shallow water per GSRM-FIW-1.

9.C - Overlook

The Overlook shall consist of open land terrain, with emphasis on constructed or trampled surfaces.

9.D - Wilderness

The Wilderness shall consist of open land terrain, with scattered forests.

10 - Objects

10.A - Starting Units

Each player shall start the game controlling objects defined by Table 10.A:

Object	Per Applicable Specification	Distance from <i>Origin of Player Lands</i> [tiles]	Quantity
Town Center	~	0	1
Herdable	<u>GSRM-FIW-1</u>	2 to 3	4
Villager	~	6	3
Harmful Scout	<u>GSRM-FIW-1</u>	7 to 8	1

Table 10.A: Starting Player-Controlled Objects

10.B - Resources

This section is intentionally left blank.

10.C - Twin Forts

Each pocket of Overlook terrain described in §7.A.3 shall receive a fort per GSRM-FIW-1.
