# 1 - Referenced Documents

Table 1 below is a list of all specifications that are components to this one. Each of its entries were designed as an interchangeable part, to be used in context for this specification, or others like it:

| Specification Number | Nomenclature                       |
|----------------------|------------------------------------|
| <u>GSRM-ESR-1</u>    | General Requirements, ES Remastery |

*Table 1: Bill of Materials*

If any part of any documents listed in Table 1 conflict with this specification, then this specification shall assume priority.

## 2 - Definitions

The following definitions apply:

- *Origin of Player Lands* – Location of town center.

## 3 - Overview

This component specification defines requirements for a remastered Graveyards to be used in a Remastered Ensemble Studios Map Pack.

## 4 - General Characteristics

The requirements of GSRM-ESR-1 apply unless superseded by this specification.

## 5 - Rule Changes

This section is intentionally left blank.

## 6 - Land Configuration

Graveyards shall be arranged per Figure 6 below:

*Figure 6: Graveyards Configuration*

In this way, two zones are established, described as follows:

### 6.A - Lake

Small blue circle, surrounded by tan ring, placed at the center of the map, and contained within a window no larger than 12% of map edge length.

### 6.B - Countryside

Any area that is not included in other zones.

## 7 - Elevation

### 7.A - Lake

The Lake shall be at elevation 0.

## 7.B - Countryside

The Countryside shall be at elevation 1, with scattered plateaux, whose properties shall include:

- Maximum elevation of 7.
- Summits avoid the origins of player lands by at least 24 tiles, and each other by at least 18 tiles.
- A rounded shape, mostly fitting within a box no larger than 12 square tiles.
- Quantity (but not size) scales with map area.

Scattered elevation shall also be present in the remaining area, with height no greater than 6, and allowing for practical construction of additional town-centers.

## 8 - Terrain

### 8.A - Lake

The Lake shall consist of any type of water terrain, bordered by any appropriate beach terrain.

### 8.B - Countryside

The Countryside at elevation 7 shall consist of leaf, dirt, or road terrain, masked in any appropriate combination. The remaining elevations shall consist of any solid ground/land terrain that does not appear at elevation 7.

## 9 - Objects

Most objects are at the discretion of the map creator, balancing thematic interests against strategic variety. The explicit requirements for this map are few but listed below.

### 9.A - Starting Units

Each player shall start the game controlling objects defined by Table 9.A:

| Object      | Distance from <i>Origin of Player Lands</i> [tiles] | Quantity |
|-------------|-----------------------------------------------------|----------|
| Town Center | 0                                                   | 1        |
| Sheep       | 2 to 3                                              | 4        |
| Villager    | 6                                                   | 3        |
| Scout       | 6                                                   | 1        |

Table 9.A: Starting Player-Controlled Objects

### 9.B - Resources

#### 9.B.1 - Lake

The Lake shall contain fish and/or oysters.

### 9.C - Cemeteries

Each area in the Countryside with leaf/dirt/road terrain layering shall have one neutral gaia unconvertible monastery object, surrounded by other objects as appropriate to give the appearance of a cemetery.
